

As part of the [2017 Connected Health Conference](#), Partners Connected Health and the PCHAlliance are pleased to announce the 7th Annual **Health Tech StandOut! Competition** (formerly the *Innovators Challenge*, a highly popular event featured for the past six years at the Partners Connected Health Symposium). CHC17 brings together the Partners Connected Health Symposium and the PCHAlliance Connected Health Conference, creating the preeminent event for connected health, offering an even bigger stage on which to showcase innovation.

Call for Demonstrations

Do you have a new connected health product that is potentially game-changing? Do you want to grab the attention of some of the industry's movers and shakers, investors, providers and developers? Just complete an application and tell us about your innovation. It's simple and quick.

To complete the application, please click [here](#).

Ten of the most innovative ideas will be chosen by a panel of experts and thought-leaders, for presentation at the 2017 Connected Health Conference on October 26-27 at the Seaport World Trade Center in Boston. These innovative products will be showcased during two Demo Sessions and the winner announced during the event. These sessions will be hosted by Partners Connected Health.

The deadline to apply is August 1. Finalists will be notified by September 1.

Does Your Idea Qualify?

Products and services must be intended for use by patients or consumers of healthcare or wellness services outside of the hospital environment. Examples of winning solutions include sensors, technology platforms used by consumers or patients, "connected" consumer products, population health initiatives that integrate technology, mental health "connected" programs, fitness and wellness solutions, and targeted digital interventions that address pain management, program on-boarding, or other types of digitally-enabled solutions. Preference will be given to physical products that meet the theme of the Conference: *The Connected Life Journey: Shaping Health and Wellness for Every Generation*, reimagining health and wellbeing throughout the life cycle, and supporting the adoption and implementation of personal connected health at every age and stage of life. Your technology must demo well within a strict limit of four and a half minutes, onstage comments and set-up included. To ensure equal time, this limit will be politely but firmly enforced.

Please submit your application by August 1. Please click [here](#) to access the official application.

Please note that if your company participated in previous years, we will only accept applications for a completely new product.

The 10 companies selected to demo at the Conference will receive:

- One complimentary registration to the 2017 Connected Health Conference for the presenter
- The opportunity to demonstrate your product before an audience of healthcare leaders and visionaries
- An unparalleled networking opportunity throughout the two-day event
- The opportunity for special exhibit pricing

We're excited to offer you this opportunity to showcase your innovation, gain important exposure and attention for your company, and participate in this thought-leadership event. Feel free to contact us at: pchstandout@gmail.com if you have any questions.
